## PROFILE

As a Web Developer, my objective is to leverage my skills and experience to make meaningful contributions to a dynamic organization, drawing upon my expertise in designing and developing responsive websites. With a proven track record of delivering outstanding results, I am passionate about embracing new challenges and staying updated with the latest industry trends and technologies to continuously grow as a professional.

## WORK EXPERIENCE

09/2022 – PRESENT GRIFFIN, GA, USA

### Web Developer Polyglot Labs

- Assisted in the development of visually appealing and user-friendly websites.
- Conducted regular updates, bug fixes, and content management to ensure optimal website performance.
- Collaborated with designers to implement user interface elements and enhance user engagement.

06/2022 – 07/2022 REMOTE

### Web Developer Intern WebSniffer

- Learned more about the development of web applications using JavaScript frameworks like React and Svelte.
- Proactively engaged in learning and skill enhancement, exploring new JavaScript frameworks and staying updated with industry trends.

## SKILLS

HTML, CSS, JavaScript, ReactJS, Git/Version Control, Debugging, Use of APIs [such as REST], Responsive Design, Accessibility, Collaborative Tools

## STRENGTHS

# Strong programming skills  
# Creative problem solver # Detail-oriented  
# Efficient multitasker  
# Excellent communication # Continual learner  
# Adaptable # Responsible # Diligence  
# Quick learner # Open to feedback  
# Ability to work under pressure # Team player

## PROJECTS

### ReactJS Calculator

-Application built with ReactJS that functions as a calculator, allowing users to perform arithmetic operations and obtain results.

Source Code/Deployment:

<https://github.com/Oppxdan/react-calculator>

### ReactJS To Do List

-A task management application developed using ReactJS, enabling users to create and delete tasks, as well as mark them as completed.

Source Code/Deployment:

<https://github.com/Oppxdan/todo-app>

### ReactJS Portfolio

-A personal website that I made using ReactJS, along with TailwindCSS in order to experiment with it.

Source Code/Deployment:

<https://github.com/Oppxdan/react-portfolio>
